

Japan Railways - Hikari/Kodama Connection Timetable

As of March 13, 2010

Compiled by Jose I. Ramos

This chart intends to provide useful information regarding connecting trains for Japan Rail Pass users between major stops on BOTH Tokaido and San'yo Shinkansen lines.

The goal is to provide recommendations for the fastest travel times for long distance journeys with minimum connection times.

This chart depicts trains and connections on a regular day. Not all trains are listed.

Additional trains may be added during peak travel periods; these trains are not included in this timetable.

The information contained in this chart is for informational purposes only. All train timetables are subject to change by Japan Railways.

Any differences between this chart and the official timetables should be resolved in favor of the official timetables. Use this chart at your own risk.
